

"I just wanted to thank you all for your respective parts in successfully delivering the B Block teaching spaces project. The quality of the design and the fitout is to a very high standard, and is certainly something for us all to be proud of."

**Steve Low - Manager, Capital Works - QUT**

# QUT Gardens Point

## B BLOCK LECTURE THEATRES

### Scope

Revival of two existing lecture theatres into new, interactive teaching spaces with flexibility to transform into a team focused environment.

### Project

The theatres were outdated, not PWD compliant and the existing concrete floor structure steep and no longer practical. Formula reduced the gradient and number of tiers by constructing a new noise inhibiting floor, creating versatility in seating arrangements. Both theatres were upgraded to be PWD compliant with a ramp installed in each.

The theatre was treated with spotted gum feature wall cladding, feature wall panels, architecturally designed joinery, feature carpet, new grid and plasterboard ceilings and new services.

### Address

Gardens Point Campus, George Street, Brisbane

### Size

400m<sup>2</sup>

### Duration

12 Weeks

### Design

Lightbox Architecture and Interiors
