

Lempriere

Scope Fitout project for Client relocating their existing office to this new tenancy at 360 Collins street

Project Works included new partitions, doors and hardware. Alterations were made to mechanical, electrical, hydraulics and fire services to suit. Formula also created new meeting rooms, offices and a kitchen area. The project featured Murowash feature walls and a high end joinery package with attention to overall quality and detail. Client workstations were re-upholstered and relocated.

Address Levels 23, 360 Collins Street, Melbourne
